OUR MISSION

- ✓ "light-up your lives"
- ✓ reasonably priced
- ✓ high-quality engineering
- ✓ extensive research

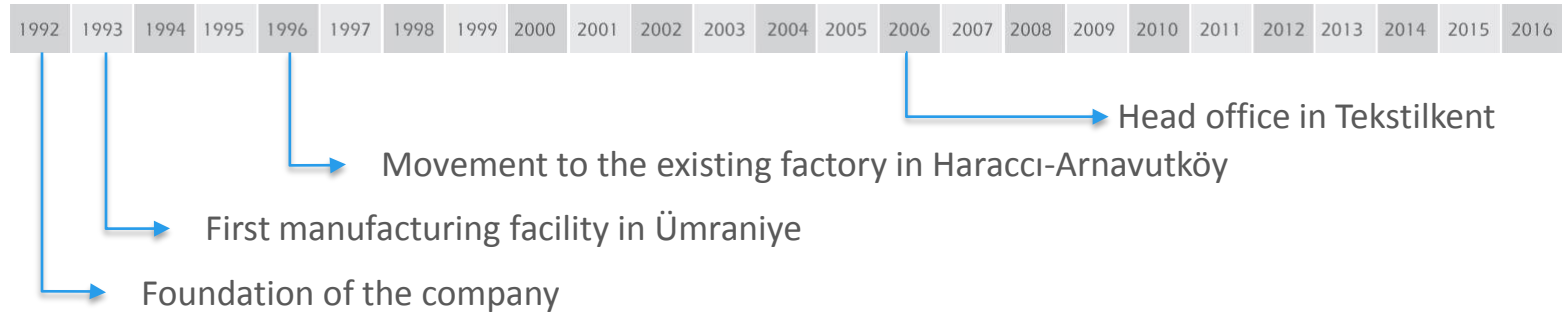

LITPA

- ✓ was founded 1992 in Istanbul
- ✓ specializing in the manufacturing
- ✓ innovative, sustainable lighting solutions
- ✓ improve lighting quality, efficiency
- ✓ reduced energy consumption

COMPANY PROFILE/ HISTORY

L I T P A

COMPANY PROFILE/OFFICE LOCATION

LITPA

Sales&Marketing(Koza Tower)

- ✓ Qualified expert team
innovations, services and
technology applications

COMPANY PROFILE/ FACTORY LOCATION

LITPA

Existing factory 9000m²
closed area

COMPANY PROFILE/ FACTORY LOCATION

LITPA

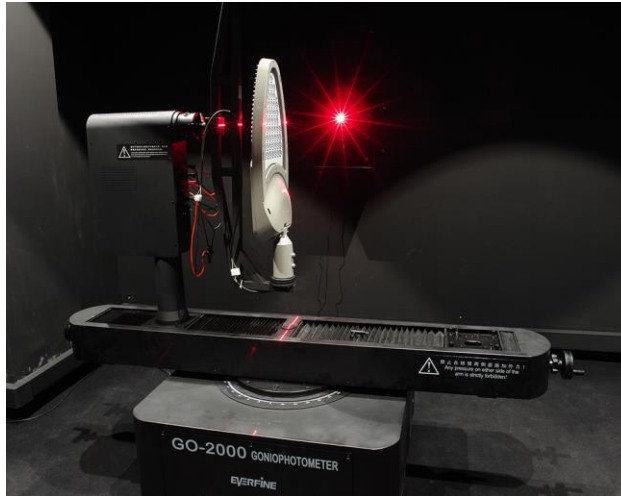

New LED factory 5000 m²
closed area

COMPANY PROFILE/ EXPORT COUNTRIES

LITPA

**EUROPE/EAST EUROPE
BALKANS
AFRICA/NORTH AFRICA**

**EUROPE CENTRAL ASIA
MIDDLE EAST**

- ✓ dedicated and highly experienced team of professionals
- ✓ product and service delivery to our customers worldwide
- ✓ deliver superior value to our customers

- ✓ building lasting relationships with our customers
- ✓ Product Design & R&D
- ✓ Testing
- ✓ Machinery
- ✓ Manufacturing

- ✓ human wellbeing
- ✓ creative and collaborative design philosophy
- ✓ aesthetics and functionality
- ✓ lighting design fitting perfectly to the given demands - aesthetically, atmospherically, energy efficient
- ✓ customized product design
- ✓ a great deal of importance to R&D (Research and Development)

- ✓ open the doors of our **new Light Laboratory for our new generation luminaires** in July 2016.
- ✓ testing our luminaires;
photometric, radiometric, electrical, thermal and
life test data of the highest quality
- ✓ luminaire performance consultation

Our machinery consists of:

- 17 eccentric press
 - 11 bending press
 - 5 milling cutter
 - 5 guillotine shears
 - 5 centering drill
 - 4 roller
 - electro-erosion machine and injection machine
 - 1 Polyurethane Sealing Machine
-
- **For new LED factory many production machines are in progress.**

- ✓ meticulous quality-control
- ✓ global standards
- ✓ highest specifications of quality and performance
- ✓ environmentally friendly solutions
- ✓ easy installation

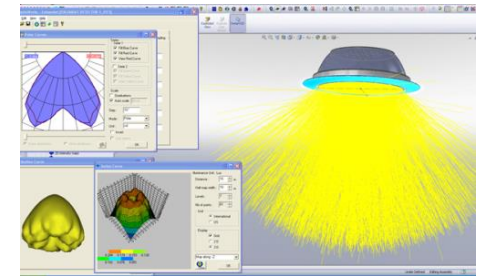

Thanks to our highly skilled services team, we can also give full support to our clients with high quality services.

- ✓ Lighting Design
- ✓ Special Lighting Projects
- ✓ Customer Training
- ✓ Sales Services
- ✓ Supervision On Side

- ✓ aesthetical and technical longevity
- ✓ offer customized solutions
- ✓ architects, technicians and engineers
- ✓ our creative and technical teams work together

- ✓ training for our employees and customers
- ✓ improve knowledge of and creativity
- ✓ achieve maximum customer satisfaction
- ✓ experience light at work, attend workshops
- ✓ educate our staff, recognize their achievement
- ✓ strengthen their knowledge of lighting fundamentals

- ✓ detailed product knowledge
- ✓ suitable lighting solution at a competitive price
- ✓ simplicity and effectiveness
- ✓ confidence

SERVICES/ SUPERVISION ON SIDE

- ✓ Our close relationship with our customer
- ✓ LITPA employees on site
- ✓ round-the-clock customer service
- ✓ quick delivery of replacement parts and accessories

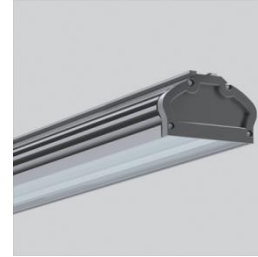

- ✓ appropriate to the international standards
- ✓ ISO9001:2000 Quality Management System
- ✓ TSE, CE, GOST-R, UKR SEPRO and ENEC quality certificates

PEDESTRIAN LUMINAIRES

LITPA

Ringa- RNY

- ✓ **Durable**- Walk ways- Pedestrian Areas
- ✓ **Versatile**- Outdoor Wall Luminaire
- ✓ **Innovative**-Outdoor Wall Luminaire
- ✓ **Flexible**- Pendant Luminaires
- ✓ **Efficient**
- ✓ **Reliable**

RNY2

RNY4

Ringa- RNY

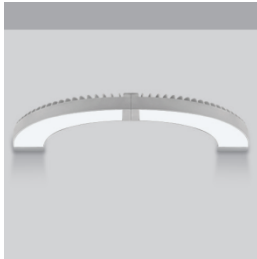

- ✓ **Body:** Aluminum injection painted with electrostatic paint
- ✓ **LED:** High efficient Multi-Power Led
- ✓ **Cooler:** Cooling from the surface of the aluminum body
- ✓ **Optic:** High efficient lenses; 21°-26°-45°-65° or Reflectors; 21° - 30° - 63° - 90°
- ✓ **Glass:** Transparent tempered glass, ground with serigraphic printing
- ✓ **Voltage:** 220VAC
- ✓ **Colour:** Grey or RAL colour

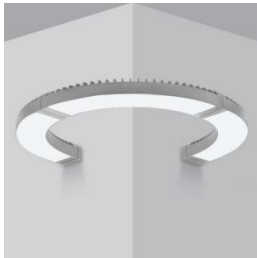

RNW1

RNW2

RNW3

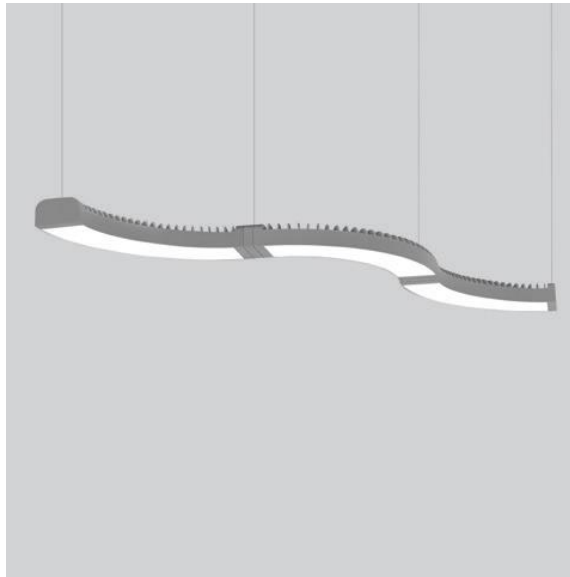

Ringa- RNW

- ✓ **Body:** Aluminum injection painted with electrostatic paint
- ✓ **LED:** High efficient Mid-Power Led
- ✓ **Cooler:** Cooling from the surface of the aluminum body
- ✓ **Diffuser:** Acrylic opal - homogeneous symmetrical light distribution
- ✓ **Voltage:** 220 - 240 VAC

RNS

Ringa- RNS

- ✓ **Body:** Aluminum injection, painted with electrostatic paint
- ✓ **LED:** High efficient Mid-Power Led
- ✓ **Cooler:** Cooling from the surface of the aluminum body
- ✓ **Diffuser:** Acrylic opal - homogeneous symmetrical light distribution
- ✓ **Voltage:** 220 - 240 VAC

GROUND RECESSED LUMINAIRES

LITPA

YLW

HYL

GROUND RECESSED LUMINAIRES

YLW

- ✓ They have a long lifetime thanks to their stainless steel frames, highly resistant heat-treated glasses and corrosion resistant aluminum bodies that can transfer heat easily.
- ✓ Different LEDs can create the color temperature of the light generated in the fixture.

GROUND RECESSED LUMINAIRES

HYL

- ✓ Ground recessed fixture series named HADES fixtures are designed for use in interior and exterior spaces and are extremely efficient fixtures for lighting of facades, walls, columns, and trees.
- ✓ High efficiency LEDs Increase the life of the fixtures and eliminates the heating problems.

FLOODLIGHTS

LITPA

HERCULED

RTL

FLOODLIGHTS

HERCULED

RTL

- ✓ RTL projectors are manufactured with optical structure which can provide light from 10 ° to 45 ° in lighting of columns and wall surfaces.
- ✓ LEDs in white, red, green, blue and RGB colors are used and it is possible put on and off, dim and manage many fixtures with different scenarios from a single point by the DMX system specially produced by Litpa.

DOWNLIGHTS

LITPA

SHOPLED

GALAXYLED

SFR

ELD

DOWNLIGHTS

SHOPLED

GALAXYLED

SFR

ELD

- ✓ High energy-efficient SHOPLED downlight fixtures can be used in many areas with the large usage area thereof including shops, hotels, restaurants, cafés, educational areas hospital and houses.
- ✓ COB LEDs furnish extremely good fixture efficiency and stable operation by virtue of high-efficient reflectors and coolers manufactured from aluminum material with high-grade heat transfer.

SUSPENDED CEILING LUMINAIRES

LITPA

OFiSLED

LEG-PR

HFC

SUSPENDED CEILING LUMINAIRES

OFiSLED

LEG-PR

HFC

- ✓ Suspended ceiling fixtures which have a wide range of use are produced such that they can give out the light both directly and indirectly.
- ✓ They may be used in a wide range of areas like offices, schools and hospitals.
- ✓ They are offered with a high level of permeability and reflection capacity which meet the needs of different spaces and also offer energy saving.

SURFACE MOUNTED LUMINAIRES

LITPA

LSL

LSO

SLO

BLM

SURFACE MOUNTED LUMINAIRES

LSL

LSO

SLO

BLM

- ✓ They may be either installed on the surface or used as pendant fixtures depending on the field of use.
- ✓ Different models have been developed according to the need for light.
- ✓ They are fixtures which offer a high level of energy saving with their powerful LEDs which are produced using the highest technology and high quality optical structures.

LINEAR LUMINAIRES

LITPA

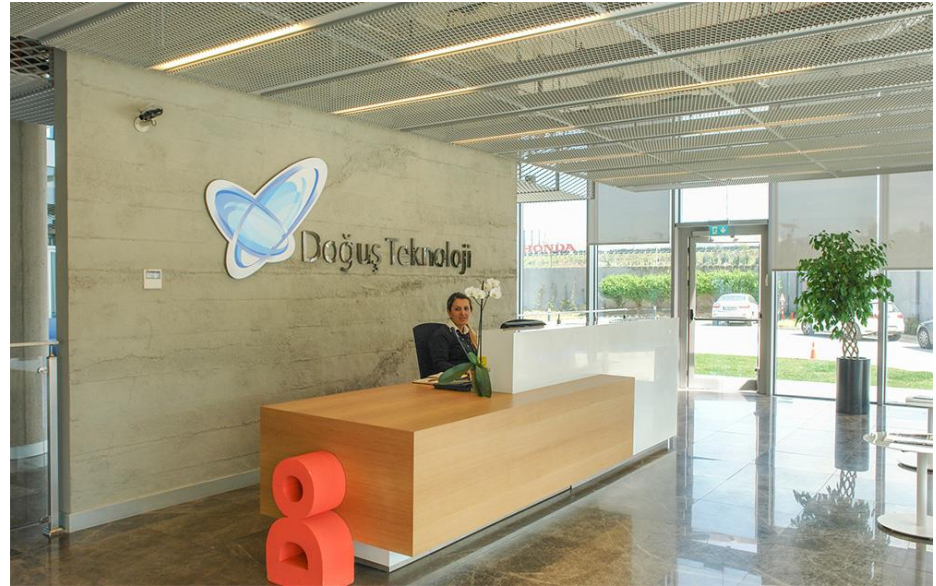

DFR

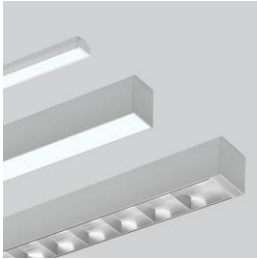

TKL

DFG

LINEAR LUMINAIRES

DFR

TKL

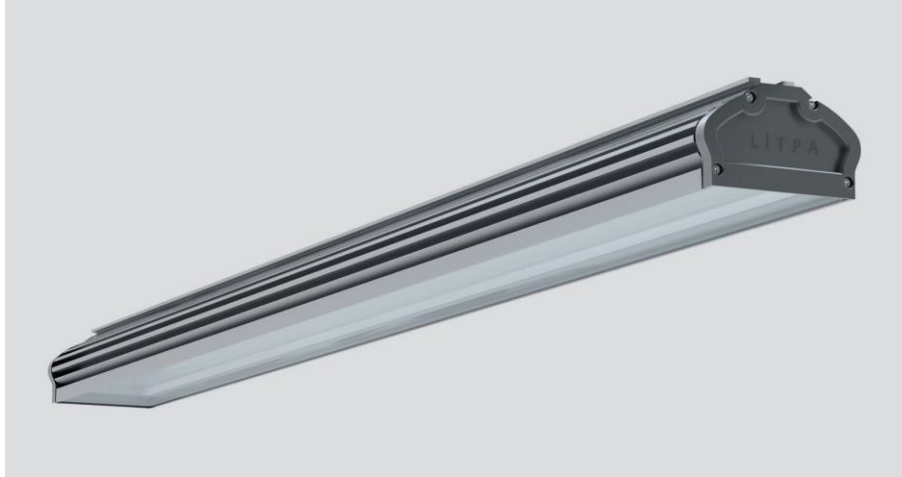

DFG

- ✓ Linear lighting fixtures which have such applications for the lighting of interiors spaces like pendant, surface and suspended ceiling types offer aesthetical and flexible lighting solutions for the spaces to be lightened.
- ✓ A quite wide area of use is provided thanks to soft light provided by the fixtures.

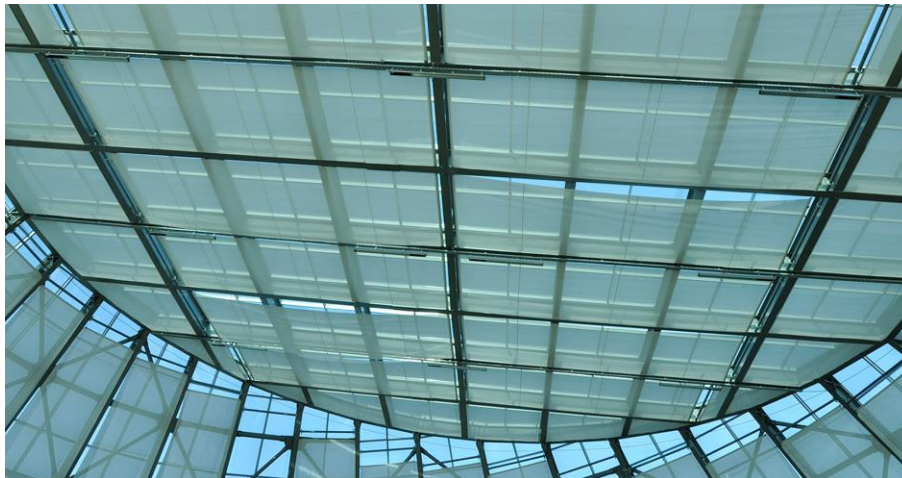

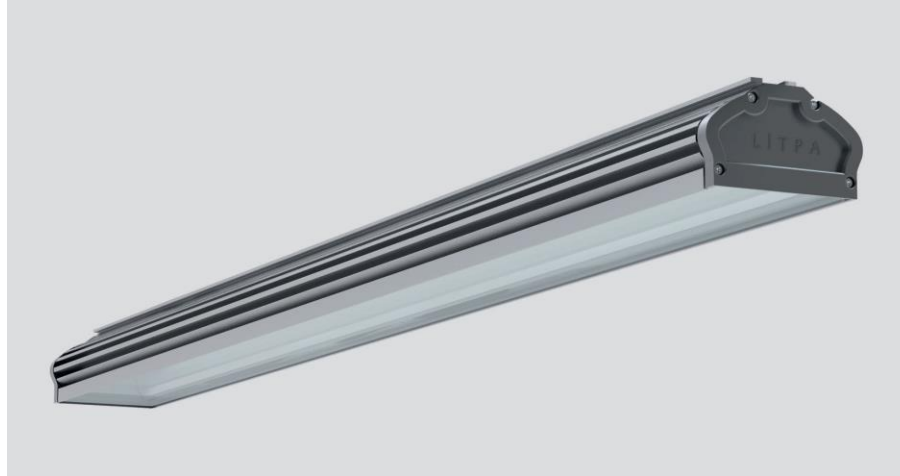

INDUSTRIAL LUMINAIRES

LITPA

ENDILED - LBS

ENDILED - LBS

- ✓ ENDILED fixtures are high protection class aluminum bodied fixtures produced with extremely high technology.
- ✓ They are suitable for use in many areas of industry, such as production areas, storage areas and particularly in high-ceilinged places.

WATERPROOF LUMINAIRES
